DIRECTIONS: Do your best to complete as

many of these summer math activities as you can! Record your work in your math journal every day. In August, share your Math Journal with your third grade teacher.. Each journal

entry should:

- Have the date of the entry.
- Have a clear and complete answer.
- Be neat and organized.

Here is an example of a

“Great” journal entry:

A third-grade teacher did the same thing, but also had a space for the time at the top of each

sheet, for children to practice reading the clock and recording what they saw. Upper-grade teachers asked students to elaborate in their journals on the following prompts: What I

know about _____ so far is _____ .

Under each tab you can select a topic such as food, animals, cartoon, nature and so many

more! Choose anything that interests you. Once you select your topic the link provides materials you will need. Gather your materials and click on the video. The video will show

you step, by step instructions.
