Sep 22, 2020 · Learn how LabVIEW can help

you control and automate your Agilent 34970A. LabVIEW is an industry-standard graphical programming environment that can be used to quickly and easily acquire, analyze,

and present data from the 34970A. NI provides a free LabVIEW instrument driver for the 34970A, which gives you programmatic control over the unit from your

PC, while having to do little or no ...

Description. The Agilent 34902A module for the 34970A Data Acquisition/Switch Unit

employs reed relays to achieve scan rates up to 250 channels-per-second. Use this module for high-throughput automated test applications as well as high-speed data logging and

monitoring tasks. Sixteen two-wire inputs switch up to 300 V.

The 34972A is a Data Logger from Agilent.

Data loggers, or data recorders, collect information over time for a variety of purposes. A data logger uses internal memory and sensors to gather and document

information on a 24-hour basis. Receive an accurate and comprehensive picture of the environmental conditions you're monitoring as

the device ...
