Naming convention. Under Audi's platform numbering convention, the 80 is classified as a member of the B-series or B platform family of vehicles, with the four generations of 80

being numbered as B1, B2, B3 and B4; its replacement – the Audi A4 – continues this sequence with platform numbers B5 through to B9. Originally this numbering convention

ran concurrently with that of the Volkswagen

Apr 08, 2016 · This article applies to the Audi A6 C6 (2005-2011). When water starts to

randomly leak inside the cabin's footwell, it's an unwanted surprise. These leaks are often caused by clogged cowl drains, which are used to divert the water from entry points in the

engine to the ground.
