The book "Compulsion" by Heidi Ayarbe shows the readers what genuinely, severe OCD does to a teenage boy mentally and physically. In this story the protagonist, Jake Martin, a seventeen year old boy has an obsession with prime numbers.

Author Heidi Ayarbe sets herself a difficult challenge in writing in Jake's voice, because everything is filtered through his compulsion. It gives the reader a powerful take on the overwhelming constrictions that a person endures, but unfortunately a little of it goes a long way.
