Neverwinter CW Thaumaturge Spec Guide by copticone. This spec is now updated to reflect the changes in the Module 1 Balancing update of 8-22-2013. The original spec, is still perfectly fine with respect to the changes in the Module 1 Balancing update. But I just feel these changes make it a little more efficient.

Control Wizards (now just called Wizard) primarily focus on controlling the battlefield and dealing damage to a large number of creatures simultaneously. Because of the wizard's role as a controller, they possess more crowd control options than any other class. Their ability to deal high amounts of damage gives them the secondary role of striker. They wield a magical orb and are capable of ...

A. CW.. which makes CW dps competitive and B. GWF that makes them god like. I think if they actually just fix the interaction of GWF set it would rebalance the entire thing to a acceptable level. new set doesnt appear to be a CW set BTW great job @thefabricant He is really dedicated in terms of testing!

It is asking for the "best way to build a Control Wizard". Repel is not even an option in the build as a mainstay, let alone in spell mastery. Conduit of Ice will likely never leave your RB if you're building the "best" Control Wizard possible. Knocking mobs back disrupts the flow of AoE and slows down kill times.
