Aug 29, 2019 · The kind of oil the 2017 Ford Focus takes is 5w-30. Having high quality oil is important for the engine to run smoothly. You will run into issues with the oil at some point. Bad oil can cause the engine to stop working. A common problem is an awful burning smell. This needs to be inspected as soon as possible or the car might explode. Knocking noise may arise from the engine.

Oct 19, 2015 · I have a 2014 mustang gt, which is recommended to take 5-20w. You'll notice that the Track Pack recommends 5-50w. Ford has mentioned that although these two cars, the gt and track pack gt, have the same engine, they assume that the track pack will be under stress much more often, and therefore recommend the 50 weight.

Apr 16, 2016 · They refused saying it'd destroy the engine. I looked in the book and it says 5w-20, but doesn't specify synthetic. In the back of the manual it does say synthetic or synthetic blend and makes no mention of conventional. So now I'm confused.
