I am replacing the climate control panel in my 2000 saab 9-3. It is the manual control panel not the auto climate unit. I purchased the entire unit from the dealer and have removed the old unit. However refitting it has become a problem. What is the best way to refit the new control

panel. This is a convertible but not sure that makes a difference.

Jan 07, 2013 · hi i have just purchased a saab 9-3 1999 and the heater control knob is broken, when i try to twist the knob with pliers i get a clicking sound and it just spins the temp is constantly freezing cold.this will be great in the summer but not to great at the moment. would buying a new control panel solve this problem? and is it easy to fit. also the switch lookes as though it pushes in and out ...
