Quick Overview. '85-'95 22R AND 22RE re-manufactured long blocks come with a rebuilt or new cyl head. '79-'84 22R and 20R re-manufactured long blocks come with a rebuilt head. Built per customer order. You will need

to use some of your timing cover bolts due to the use of A/C or not. We also have early 22R blocks with 20R cylinder head available.

This style 22R motor was also used in the Toyota Celica. From 1985 thru 1995 the Toyota Truck still used a 22R and a 22RE 2.4 liter engine. It was a re-design from the earlier 22R used from 1981-1984. This 22R motor had a different deck height and more important an upgraded cylinder head. The result was a different stroke and better fuel flow.

A big bore throttle body, whether it is a bored out stock unit or newly manufactured unit with a larger bore, is an integral step towards improving the performance on your 22RE engine. The factory throttle body runs 55 mm (2.165") in diameter.

Yotal Performance engine rebuilt crate engines are second to none. Specializing in rebuilding and installing Toyota engines, including 3RC, 18R, 20R, 22R, 22RE, 22RTE, 2RZ, 3RZ, 3VZ, 5VZ, 5SFE, 1FZ, 2F, 3FE, 2JZ, 1UZ, 2UZ & More. We have spent years fine-tuning and expanding our machine shop to allow us to only produce top of the line engines.

All our Toyota 22RE engines are remanufactured in Washington by Sunwest and come with 30-month, 30,000-mile warranty. Our engines come with all new pistons and rings, rod and main bearings, oil pump, timing components and more. New water pumps are also available. Visit us to know more.

Nov 04, 2005 · Although I haven't heard exhaust valve burning as an issue with the 22s, the top of the valve transfers a lot of it's heat from the face to the head when it sits on the seat (seat time), so it needs some time on there. On both my 22RE and my 22R, I found that my engine was happier when I set the lash at a tight .008/012 or .007" and .011".

Jan 22, 2015 · Toyota's 22R engine is a very solid small displacement motor that came in a variety of flavors from 1981 until 1997. Most enthusiasts are most familiar with the 22RET which was turbocharged and a great powerplant for it's time and age.

We build **Toyota 22r Engines** like no other. Our process for building engines involves input, design, build and test. We have been building for years. Call with your Truck, 4Runner, car engine needs. today .919-827-1975. We Have You Covered. We back our toyota 22r/22re stock and big bore engines.

This newly remanufactured engine fits 1980 thru 1995 Toyota pickups, 4 Runners with a 2.4 22RE or 22R 4 cylinder engine. This is a factory built assembly line unit with new components. Engine is in long block form with timing components installed and complete gasket set for installation and oil pump on the side.

Mar 01, 2004 · LC Engineering in Lake Havasu City, Arizona, has the ability to build the 22R from a mild 120hp smog-legal motor to a 340hp race engine. Read more about this Toyota engine ...
